

## ANTOP 2-way 2GHz RF Coaxial Splitter

- Splits signal to up to 2TVs
- 18K Gold-Plated Chassis
- Low Insertion Loss
- High Return Loss
- Higher Signal Quality
- Lower Noise
- Compatible with Satellite / TV RF Signals

### Product Features:

The ANTOP 2-way splitter AT-705 splits a single incoming coaxial signal, such as satellite signal, over-the-air HD (digital TV) antenna signal, into two outgoing signals. precision zinc die-cast with 18K gold-plated chassis for maximum signal transfer, corrosion resistance, and reliable connectivity.

### Product Information:

- All ports female F connector 75 Ohm
- All ports DC power pass

### Dimensions and Weight:

- Consumer Packaging: 3.60x 2.55 x 0.90 in
- Shipping Carton Size: 16.50x 13.80x 6.90in
- Quantity in Carton: 160 PCS
- Carton Weight: 18.30lbs
