

ANTOP 3-way 2GHz RF Coaxial Splitter

- Splits signal to up to 3 TVs
- 18K Gold-Plated Chassis
- Low Insertion Loss
- High Return Loss
- Higher Signal Quality
- Lower Noise
- Compatible with Satellite / TV RF Signals

Product Features:

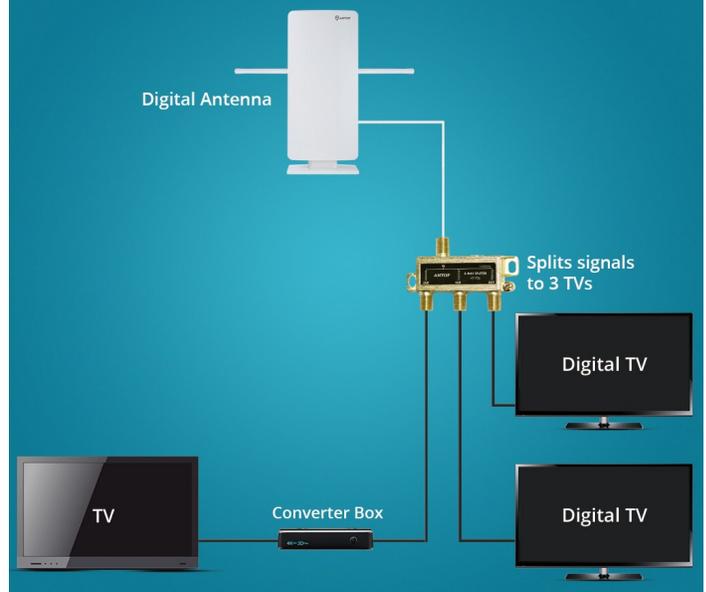

The ANTOP 3-ways Splitter AT-706 splits a single incoming coaxial signal, such as satellite signal, over-the-air HD (digital TV) antenna signal, into three outgoing signals. Precision zinc die-cast with 18K gold-plated chassis for maximum signal transfer, corrosion resistance, and reliable connectivity.

Product Information:

- All ports female F connector 75 Ohm
- All ports DC power pass

SUPPORTS 3 TVS CONNECTING
